Best Venue & Value on HHI for Private Functions

"The evening I attended, performer/owner, Kerry Pollock managed to build an instant rapport with the audience, weaving ingenious magic into witty comedic repartee. It's magic, but it's not just that; it's standup comedy, but it's not just that either. Somehow it's better than both."

INSIDER TIP: Kerry Pollock had been headlining various comedy clubs through the years and always loved Hilton Head. When the opportunity presented itself, he put a slightly different plan into action: Stand-up comedy, magic and variety with a "Funny, not Filthy," resident headliner for more consistent shows. It is basically the same business model that many Las Vegas showrooms use with great success.
